**Moon Luck** Wayne Scott Harral 2023-07-03 It is likely that in the coming decades there will be one or more active stations permanently located on the moon. And it is inevitable that a human life will be taken by another while people are living in these moon colonies. Will we be prepared for the first time it

happens? MOON LUCK is the story of 30 astronauts living on the moon for extended periods. It is also the story of the astronaut-scientists and astronaut-explorers as they grow plants on the moon, explore and find mineral ores, carry out experiments and research, and develop animosities as well as close relationships. When one of the base's senior members dies in what appears to

be an accident, the story follows the trail to discover the actual perpetrator, leaving us with the question: Is it murder if it happens on the moon?

Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

**Tacky** Rax King 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no

matter one's commitment to "good" taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in "You Wanna Be On Top," Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. **Cashing It In** Ethan Pope 2005-07-01 What are the chances that a totally cashless society will exist in our lifetime? Ethan Pope believes it is possible. With the many implications that this could have on daily life and commerce, it is imperative for Christians to be prepared. The world of finances has changed dramatically over the past decade, with everything from online banking and bill payment to the quick availability of online goods. Even many churches and non-profit organizations offer an auto-withdrawal option for planned giving. Large companies are now placing RFID (radio frequency identification) tags on products for market research. In a very real sense, we sacrifice personal privacy for convenience. Pope explores such issues as what the Bible may indicate about the end times and a cashless society, and gives balanced and cogent direction for Christians who desire to be wise stewards of their resources.
