

human face of government, staffers devoting themselves to the issues that have defined their lives. From the triumphs of Obamacare and marriage equality to the tragedy of the Charleston shooting, this book tells the history of the Obama presidency through the men and women who worked tirelessly to support his vision for America. More than just a history though, *West Wingers* is an inspiring call to arms for public service, a testament to the possibility of real social change, and a powerful demonstration of what true diversity, inclusivity, and progress can look like in America. “These deeply moving stories offer more than a fascinating view into the window of history: they show us how hope becomes real, sustainable change.” —Valerie Jarrett, former senior advisor to President Obama

Sales CAN be fun, and Susan is the one to show you the way!

**Man with a Dream** Peter M. Rinaldi 1978

**Art-Based Social Enterprise, Young Creatives and the Forces of Marginalisation** Grace McQuilten 2022-09-15 This book analyses the challenges and opportunities faced by art-based social enterprises (ASEs) engaging young creatives in education and training and supporting their pathways to the creative industries. In doing so, it addresses the complex intersecting issues of marginality and entrepreneurship, particularly in relation to young creatives from socially, economically and culturally diverse backgrounds. Drawing on extensive fieldwork and interviews with twelve key organisations, and three in-depth case studies in Australia, the book offers a detailed analysis of using enterprise to engage with the structural challenges of marginality. The book explores the local and global contexts through which art-based social enterprises (ASEs) operate and within which they attempt - often successfully - to improve access to education and work for emerging creatives. It also attends to the findings generated through engaging with the lived experiences of the staff and young creatives involved in our ASE case studies, in order to understand both the challenges and impacts of the ASE model on young people's education, training, and employment pathways. The book focuses on three broad themes; precarious youth and digital futures, material practice and sustainable economies, and cultural citizenship in the urban fringe. In exploring these themes, the book contributes to debates about the limits, possibilities and challenges that attach to, and emerge from, an ASE model and highlights the ways in which these models can contribute to young people's well-being, engagement, education and training, and work pathways. More broadly, it examines the possibilities of art as a means of social and cultural engagement. In the context of the precarious future of the creative industries, this book emphasise the ways in which young artists are building alternative economic and cultural models that support both individual pathways and collective change. This book will move the field forward with a critical lens that engages closely with experience and the lived realities of juggling multiple priorities of social, economic and artistic goals. **The 48 Laws of Power** Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need

for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

*Year Book, Trotting and Pacing* United States Trotting Association 1975

**Speak: The Graphic Novel** Laurie Halse Anderson 2018-02-06 The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say."

From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

**A Midsummer-night's Dream** William Shakespeare 1874

**The Grace Year** Kim Liggett 2019-10-08 The Instant New York Times Bestseller! Kim Liggett's *The Grace Year* is a speculative thriller in the vein of *The Handmaid's Tale* and *The Power*. Survive the year. No one speaks of the grace year. It's forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That's why they're banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, *The Grace Year* examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between. “A visceral, darkly haunting fever dream of a novel and an absolute page-turner.” - Libba Bray, New York Times bestselling author

**Tag Talks** Whitnie Wiley 2019-02-09 TAG talks was created for people who understand Personal Stories are worth Sharing. Transparency is healing. At TAG we work with people who are willing to be transparent about their life lessons, challenges and successes in efforts of helping others avoid hardships. TAG Speakers and Authors have the ability to empathize and help people understanding they are not alone in their struggles. "I have survived the fires of hell, now I carry buckets of water for you"
